

Mary The Queer

Lapko

I check up your quiet background
I check up all your dreams
You never date longer than a few days
You don't accumulate

Ultimate wisdom sails in passion
You make choice that you prefer
You may go

Former loves star wars & lou reed
This one saves the nature
Love is a form of prejudice
Why torture yourself
Cause every album hasn't got a single hit?

Astronomical transmission
Or anything from anywhere
Give our thoughts five percent
Give us more emotion here
