

Silverlake

Lápsley

Step outside so you can see my face from the inside
Breathe in time, it's only my life
Step outside, I know another girl has felt that gaze
So I turn to face, yes, so I turn to face
Oh I don't like this atmosphere

When she looks at you
Space that comes between us like the ivy our my house
All I see is blue
Space that comes between us like the ivy our my house

Beautiful now but soon you'll be gone
Like silverlake I'll leave the snake in the sun
Beautiful now but soon you'll be gone
Like silverlake I'll leave the snake in the sun
Beautiful now but soon you'll be gone
Like silverlake I'll leave the snake in the sun
Beautiful now but soon you'll be gone
Like silverlake I'll leave the snake in the sun

Step outside so you can make a choice when it feels right
Breathe in time, it's only one night
Oh I don't like this atmosphere

When she looks at you
Space that comes between us like the ivy in our house
All I see is blue
Space that comes between us like the ivy in our house

Beautiful now but soon you'll be gone
Like silverlake I'll leave the snake in the sun
Beautiful now but soon you'll be gone
Like silverlake I'll leave the snake in the sun
Beautiful now but soon you'll be gone
Like silverlake I'll leave the snake in the sun
Beautiful now but soon you'll be gone
Like silverlake I'll leave the snake in the sun

Space that comes between us like the ivy in the house
Oh-oh-oh
Space that comes between us like the ivy in the house
Oh-oh-oh
Space that comes between us like the ivy in the house
Oh-oh-oh
Space that comes between us like the ivy in the house
Oh-oh-oh
Space that comes between us like the ivy in the house
Oh-oh-oh

Beautiful now but soon you'll be gone
Like silverlake I'll leave the snake in the sun
Beautiful now but soon you'll be gone
Like silverlake I'll leave the snake in the sun
Beautiful now but soon you'll be gone
Like silverlake I'll leave the snake in the sun
Beautiful now but soon you'll be gone
Like silverlake I'll leave the snake in the sun
