

I'll Leave The Light On

Lapush

I walk a lonely road a restless soul heading uphill
Wading thru the shit in front of every little bend I turn
It's o.k. it's o.k. I hope I will be o.k.
So come on I'm screaming now how much I need you to stay

And if the night left you alone
And if the days leave you cold
I'll trade a symphony for a song
I'll leave the light on by your home

Ill wait so come on come home x2

You'd trade your place for a brighter sun to come your way
Walking contradiction now I'm a mess I cannot say
It's o.k. it's o.k. I hope I will be o.k.
So come on I'm screaming now how much I need you to stay

And if the night left you alone
And if the days leave you cold
I'll trade a symphony for a song
I'll leave the light on by your home

Ill wait so come on come home x2

Don't know what you need
It's all that you see
It's all that you are
And all that you leave
It's not what you need
It's not what you need, love

Ill wait so come on come home x2

I'll pick you up like a cab in the rain
Like water that bridges keep out of your way
Ill leave the light on by your home
So come on love, come on home
