

# Intoxicated

Lara Fabian

I feel you all around me  
Though you're no more in this space  
You're nowhere to be found  
There's not a breath of you in here

Leaving us behind  
I just can't do it all the way  
Nothing can describe  
The feeling of dancing with this space

I toss and turn and then  
I roll on your side of the bed  
I touch your wraps and face  
No tear will ever your back

I'm broken inside out  
I wish I could go where you went  
I'll fall asleep until I see us  
At the other end.  
How can I spend a life with only half alive?  
How can I love someone with only half of heart?  
Where do I go from here?  
How do I breath in here?  
I guess it must be true  
I am intoxicated by  
You...

I tried to store away  
Pictures and little souvenirs  
I found the tone to say I'll be okay  
I'm still here

Lying is my way  
To keep the feet walking  
And  
Allow my soul instead  
Has found a way to reach your ground

How can I spend a life with only half alive?  
How can I love someone with only half of heart?  
Where do I go from here?  
How do I breath in here?  
I guess it must be true  
I am intoxicated by  
You...  
By you...

I guess it must be true  
I am intoxicated by...

How can I spend a life with only half alive?  
How can I love someone with only half of heart?  
Where do I go from here?  
How do I breath in here?  
I guess it must be true  
I am intoxicated  
By you...

I am intoxicated  
Intoxicated  
By...  
You...
