

## Love By Grace

Lara Fabian

I remember the rain on the roof that morning  
And all the things that I wanted to say  
The angry words that came from nowhere without warning  
And you standing there at the doorway crying  
That stole the moment and sent me away

And me wondering if I'd ever be back  
I didn't come here to lose  
I said I didn't come here to leave you  
I didn't come here believing I would ever be  
I didn't come here to find out  
Away from you  
There's a weakness in my faith

Love by grace  
And I remember the road just went on forever  
I was brought here by the power of love  
Just couldn't seem to turn that car around  
'Till in the distance like a long lost treasure  
A phone booth that just could not be found  
And the moment when we laid back down  
And you standing there at the doorway waiting

And me wondering if I'd ever be back  
I didn't come here to lose  
I said I didn't come here to leave you  
I didn't come here believing I would ever be  
I didn't come here to find out  
Away from you  
There's a weakness in my faith

That was just a moment in time  
'Cause when there was doubt  
And one we'll never forget  
One we can leave behind  
You'll remember I said

I didn't come here believing I would ever be away from you  
I didn't come here to find out  
There's a weakness in my faith  
I was brought here by the power of love  
I was brought here by the power of love  
Love by grace
