

Anything Goes

Lari White

Sometimes you, sometimes I push
We shove, we know heaven knows
In the game of love, sweet love
Anything goes

I know you won't ever do
What I could never forgive
You know that I know that you'll love me
As long as you live forever

Sometimes you, sometimes I push
We shove, we know heaven knows
In the game of love, sweet love
Anything goes

Just when we think we know just
What we're thinking, surprise
Sometimes it seems that
The rule is that no rule applies
Ai, ai, ai, ai, anything goes

Sometimes you, sometimes I push
We shove, we know heaven knows
In the game of love, sweet love
Anything goes

Ai, ai, ai, ai, anything goes

In the game of love, my love
Anything goes
