

Love Right

Lari White

You ain't ever been loved right
You ain't ever felt it so strong
You've decided love's a losin' fight
Just another lonely night
But you got it so wrong
You ain't ever had the real thing
You ain't ever held a heart that's true
You ain't ever been loved right
The way I'm gonna love you.

Somebody broke into your heart and left you hurtin'
Stole the light from your eyes
You've locked the door on love and pulled the curtain
You've given up and I know why.

You ain't ever been loved right
You ain't ever felt it so strong
You've decided love's a losin' fight
Just another lonely night
But you got it so wrong
You ain't ever had the real thing
You ain't ever held a heart that's true
You ain't ever been loved right
The way I'm gonna love you.

You ain't ever been loved right
You ain't ever felt it so strong
You've decided love's a losin' fight
Just another lonely night
But you got it so wrong
You ain't ever had the real thing
You ain't ever held a heart that's true
You ain't ever been loved right
The way I'm gonna love you.

You ain't ever been loved right
The way I'm gonna love you...
