

Nothing But Love

Lari White

Nothing but Love
Nothing but time
Baby I've got nothing but you on my mind
And I've just got to tell you somehow
I've got nothing if I
Can't make you believe
You're the only thing that really matters to me
And nothing can save me now
Nothing but love

I was so wrapped up in my own little world
Guess I left you lonely one too many times
But my whole world went with you
When I let you walk away
And baby now I'm here to say I realize

I've got nothing but love
Nothing but time
Baby I've got nothing but you on my mind
And I've just got to tell you somehow
I've got nothing if I
Can't make you believe
You're the only thing that really matters to me
And nothing can save me now

Nothing but your love is gonna catch me when I fall
I've gotta let you know if I let you go
I've got nothing at all

I've got nothing but love
Nothing but time
Baby I've got nothing but you on my mind
And I've just got to tell you somehow
I've got nothing if I
Can't make you believe
You're the only thing that really matters to me
And nothing can save me now
