

Spread The Word

Lari White

(Lari White/Chuck Cannon/Bebe Winans)

I got the scoop I got the skinny it's the truth and there ain't

Any doubt about it

I'm in the groove it's got me movin give me room I got to sing

I gotta shout it

Something laid a hold on me and won't let go

It touched my soul set my spirit free and now I know I gotta I
gotta

Spread the word

Spread the word

Don't be disturbed haven't you heard

About the only word that brings us all together

Be not afraid the debt is paid

The word that made us saved us

Always and forever

Shout it from the mountains to the valley low

Open up your heart and let the feeling flow

Spread the word

Spread the word

There's an answer to your prayer

Take my hand I'll take you there

Together we will take the message everywhere

Spread the word

Spread the word

There's an answer to your prayer

Take my hand I'll take you there

Let's spread the word spread the word

And the word is the word is

Love

Tell your brother tell your sister

Tell your lover tell you mister

Tell the preacher tell the teacher

Everybody everyone tell the world that the word is

Love

The word is love

The word is love

Love

Spread the word
