

CROWN OF FIRE

Larkin Poe

I've been striking that flinter steel
I've been striking of the flames
I punish you for all the pain i feel
When i'm the one to blame
Gonna cut you down to size
Overlook the pain in your eyes
Diggin in stubborn as a mule
Losing love lonely as a fool
I'm gonna burn at my one stake
I've been striking that flinter steel
I've been striking of the flames
I punish you for all the pain i feel
When i'm the one to blame
I'm getting that
I'm getting that
Everything i asked for
Burning under my hearts desire
Wearing my crown of fire
Gotta make a sacrafise
On the alter of always right
And if the sacrafice is you
I gotta do what i gotta do
You're gonna burn at my own stake
I've been striking that flinter steel
I've been striking of the flames
I punish you for all the pain i feel
When i'm the one to blame
I'm getting that
I'm getting that
Everything i asked for
Burning under my hearts desire
Wearing my crown of fire
Fire
Fire
Fire
Fire fire fire
I know i know i know ohohoho
I know i know i know ohohoho
I know i know i know ohohoho
I've been striking that flinter steel
I've been striking of the flames
Burning under my hearts desire
Wearing my crown
Yeah i've been striking that flinter steel
I've been striking of the flames
I punish you for all the pain i feel
When i'm the one to blame
I'm getting that
I'm getting that
Everything i asked for
Burning under my hearts desire
Wearing my crown of fire
Burning under my hearts desire
Wearing my crown of fire
