

He's an unidentified flying object  
You will see Him in the air  
He's an unidentified flying object  
You will drop your hands and stare  
You will be afraid to tell your neighbors  
They might think that it's not true  
But when they open up the morning papers  
They will know they've seen Him too

He will come back like He promised  
With the price already paid  
He will gather up His followers  
And take them all away

He's an unidentified flying object  
He will sweep down from the sky  
He's an unidentified flying object  
Some will sleep but will not die  
He's an unidentified flying object  
Coming back to take you home  
He's an unidentified flying object  
He will roll away your stone

And if there's life on other planets  
Then I'm sure that He must know  
And He's been there once already  
And has died to save their souls

He's an unidentified flying object  
You will see Him in the air  
He's an unidentified flying object  
You will drop your hands and stare  
He's an unidentified flying object  
Coming back to take you Home  
He's an unidentified flying object  
He will roll away your stone
