## **Near To Me**

I close my eyes to take it in you've found me I breathe your mercy once again you are so holy i want to know you like you know me \*chorus\* It's your love that makes me alive it's your love that makes me alive and i feel it everytime you're near to me you make my heart sing you're near to me you are my everything I sing to you I bring to you all of me that you see Im letting go all my fears so \*chorus\* It's your love that makes me alive it's your love that makes me alive and i feel it everytime you're near to me you make my heart sing you're near to me you are my everything You are so holy I want to know you like you know me \*chorus\* It's your love that makes me alive it's your love that makes me alive and i feel it everytime you're near to me you make my heart sing you're near to me you are my everything
