Waiting Room

Time after time, I find myself Losing my mind, I have to remind myself That this is just a waiting room And we're waiting for Your love

Oh, everything will be alright And everything will be OK If I don't let this world carry me to sin, to sin, to sin (to sin to sin to sin)

Time after time, I find myself Losing my mind, I have to remind myself That this is just a waiting room And we're waiting for Your love

And I don't understand how We could be so blind not to see The love that stands in front of In front of you and me

Don't doubt He Loves You

Day after day, I find myself Looking away, I have to remind myself That You're there and I belong to You (to you to you to you)

Day after day, I find myself Looking away, I have to remind myself That You're there and I belong to You (to you to you to you)

Day after day, I find myself Looking away, I have to remind myself That You're there and I belong to You (to you to you to you)

He loves me He loves you, He loves you, He loves you, He loves me He loves you, He loves you, He loves you, He loves me (repeat and fade)
