

Feeling Alive

Lasgo

In my soul, in my mind
I feel it's time to multiply
In my soul, in my mind
We breathe it now till we die

Say eh eh hh eh
I said ey ey
We found love
I said eh eh hh eh
We found love

We found love's coming down
We found the trust
Together now
We found love for us, for us
And I feel, feeling alive

In my soul we could multiply
Round and round we hear the lullaby
In our hearts we feel an empty space
And I feel, feeling alive
And I feel, feeling alive

We found love's coming down
We found the trust
Together now
We found love for us, for us
And I feel, feeling alive
