

I'm Calm Now

Last Days Of April

An hour, right there in an hour
I'll stay out, so you don't have to wait up
I'm sorry, I'm sorry that I did this
But now I'm longing for your kiss

[Chorus]
This time
I know that I'll pick up
On things that last time got quite dull
And if you like me back
I'll calm down
I'm calm now

No fun, when TV's just no fun
And shut off, when everything's shut off
I'll be missing, I'll be missing you
I miss you, don't you know that I miss you

[Chorus]

On time, I swear I'll be on time
So fine, to you I'll be so fine
What I forgot back then, I'll do now
I'll show you how, I've calmed down
I'm calm now
[repeat]
