

Make Friends With Time

Last Days Of April

Time. thought I'd make friends with time.
That's something that I wouldn't mind.
To make friends with time.
Fear. whoever came too near.

Whoever made me feel like.
I could love my whole life.
It's only you.
Arms. how I hate autumn arms.

Around my throat until I choke.
Breathe in and breathe out.
Night. when I trade day for night.
When everything seems alright.
I break through thin ice
