

Time And Place

Last Dinosaurs

No one's cool all the time,
Sometimes not at all
Treasure hunt,
Hope you find what you're looking for

Nikola,
We're gonna make a difference
Nikola,
We're gonna make a difference

Everywhere that you cruise,
Every world that you rule.
Every line that you say,
Has it's time and it's place.

Every stare that you see,
Everyone that you meet.
Every line that you say,
Has it's time and it's place, yeah.

Visions move all the time,
Don't get left behind.
This is love, This is faith,
This is my design.

Nikola,
We're gonna make a difference
Nikola,
We're gonna make a difference

Everywhere that you cruise,
Every world that you rule.
Every line that you say,
Has it's time and it's place.

Every stare that you see,
Everyone that you meet.
Every line that you say,
Has it's time and it's place, yeah.

We're all waiting,
For the world to stop rotating.

We're all waiting,
For the world to stop rotating.

Everywhere that you cruise,
Every world that you rule.
Every line that you say,
Has it's time and it's place.

Every stare that you see,
Everyone that you meet.
Every line that you say,
Has it's time and it's place, yeah.

We're all waiting,

For the world to stop rotating.

We're all waiting,
For the world to stop rotating.
