

## Weekend

## Last Dinosaurs

On the weekend  
You'll find your way and lose it again  
You know, now I've told you  
That your head is much more bent,  
With her voice she said

I'd die for you anyday  
My life's over anyway  
Lets go to the empty park and talk till it's really dark

In the day time we'll think about the sun until it sets  
Ooooh Ooooh Ooooh Ooooh  
You notice a difference, in the way we comprehend  
With her voice she said

I'd die for you anyday  
My life's over anyway  
Lets go to the empty park and talk till it's really dark

I'll take you to the park  
I'll take you to the ocean  
I'll kiss you till it's dark  
Go through all the motions  
(Can we, make the world go round x2)  
I'll take you to the park  
I'll take you to the ocean  
I'll kiss you till it's dark  
Go through all the motions

Wooah Ooooh Ooooh Ooooh  
Do you really want it?  
Wooah Ooooh Ooooh Ooooh  
Do you really want it?  
Wooah Ooooh Ooooh Ooooh  
Do you really want it?  
Wooah Ooooh Ooooh Ooooh  
Do you really want it?  
Wooah Ooooh Ooooh Ooooh  
Do you really want it?  
Wooah Ooooh Ooooh Ooooh  
Do you really want it?  
Wooah Ooooh Ooooh Ooooh  
Do you really want it?  
Wooah Ooooh Ooooh Ooooh  
Do you really want it?  
Wooah Ooooh Ooooh Ooooh  
Do you really want it?
