

I believe in the future
I believe in what I hear
I put my trust in a strange world
That won't trust in me

Hear me calling, calling out your name
I want to join you in your magical game
Hear me praying, praying for my life
Take me with you to the other side

Take me all the way take me to that place
Where hope still grows strong
It's where I belong
Take me all the way take me to that place
Where I hear the sound
That makes me spellbound

I believe in your answers
I believe in what I see
I put my trust in people
That won't trust in me

Hear me calling, calling out your name
I want to join you in your magical game
Hear me praying, praying for my life
Take me with you to the other side

Take me all the way take me to that place
Where hope still grows strong
It's where I belong
Take me all the way take me to that place
Where I hear the sound
That makes me spellbound

Hear me calling, calling out your name
I want to join you in your magical game
Hear me praying, praying for my life
Take me with you to the other side

Take me all the way take me to that place
Where hope still grows strong
It's where I belong
Take me all the way take me to that place
Where I hear the sound
That makes me spellbound
