

Tears of Gold

Last Tribe

I'm waiting in the cold night
I'm waiting for a sign
I know there is something out there
That's gonna be mine

The time is running out on me
I have no patience left
But I'm totally sure that I will see

Tears of gold and wings of steel
An angels voice gonna save me
Eyes of diamonds and hair of fire
Helping me getting rid on my...desire

Days and nights passing by
I've still not seen a sign
How long do I have to wait
To find what is mind

Tears of gold and wings of steel
An angels voice gonna save me
Eyes of diamonds and hair of fire
Helping me getting rid on my desire
Tears of gold and wings of steel
An angels voice gonna save me
Eyes of diamonds and hair of fire
Helping me...

Tears of gold and wings of steel

Tears of gold and wings of steel
An angels voice gonna save me
Eyes of diamonds and hair of fire
Helping me getting rid on my desire
Tears of gold and wings of steel
An angels voice gonna save me
Eyes of diamonds and hair of fire
Helping me getting rid on my...desire
