## **Best In The Class**

## Late of the Pier

You gotta loosen up You gotta concentrate You gotta play it right You gotta fall in love You gotta live the dream You gotta warm it up You gotta speak your mind You can always change

You gotta know what's real You gotta hold yourself down You should be direct You gotta scream and shout When you're so confused How do you know what's true? Should you really do what they say? We've been planning this too long
