

My Dreams About Not Sleeping Until 3pm

Latterman

Let's yell if we see it in ourselves.
The passion to do something more
Than live inside our culture's fucking walls.
Now I don't have the answers
Of what a perfect world should be.
But I know we'll start to find the answers
When we find community.

So lets get up to see the sunlight.
So yeah I must remind myself
I can be active with the activists
Or sleep in with the sleepers.
But I don't have the answers.
But I know another night on this couch
Won't do anything for my world or myself.
So next time I hear someone call someone a fag
Or a guy call a girl a bitch
I'm going to fucking scream.
Yea next time the passion hits me
I'll try to find out
What the pop songs mean.

Expressing my guilt through a consumer product doesn't mean I've
e solved anything.
But as I've always found a way through my pain
I'll find a way through my apathy.

The revolution in video games distracts me
From the real thing
And from where I need to be - in community
