

## Find Me

Laura Branigan

If you see me trembling 'cos you're near  
Please come closer it's not you I fear  
Find me, touch me, never let me go  
Darlin', I'm so cold, hold me  
If you hear me cryin' in my sleep  
Kiss me gently hold me while I weep

Find me, touch me, never let me go  
Find me, reach me, feel what I can't show  
Darlin', I'm so cold, hold me

Because you're near me now  
I'm so much braver now  
No longer lost somehow with you with me  
If you feel me pushin' you away  
That's me simply beggin' you to stay

Find me, touch me, never let me go  
Find me, reach me, feel what I can't show  
Find me, love me, God I love you so  
Darlin', I'm so cold, hold me
