Forever Young

Laura Branigan

Let's dance in style let's dance for a while Heaven can wait we're only watching the skies Hoping for the best but expecting the worst Are you gonna drop the bomb or not?

Let us die young or let us live forever We don't have the power but we never say never Sitting in a sandpit life is a short trip The music's for the sad men Can you imagine when the space is one As we turn our faces into the sun Praising our leaders we're getting in tune The music's played by the mad men

Forever young I want to be forever young Do you really want to live forever? Forever and ever

Forever young I want to be forever young Do you really want to live forever? Forever, forever young

Some are like water some are like the heat Some are the melody and some are the beat Sooner or later they all will be gone Why don't they stay young? It's so hard to get old without a cause I don't want to perish like a fading horse Youth's like diamonds in the sun And diamonds are forever So many adventures couldn't happen today So many songs we forgot to play So many dreams waiting out of the blue We'll let them come true

Forever young I want to be forever young Do you really want to live forever? Forever and ever
