

# Hot Night

Laura Branigan

Here in the night  
There's a perfume in the air  
And you can almost smell the danger  
Pressed in a crowd  
You can feel the heat flow  
In the touch of every stranger  
We're out on the town  
And it's action that we're after  
Keep fannin' the flame just a little faster

It's gonna be a hot night  
We're gonna have a hot night tonight  
It's gonna be a hot night  
We won't get no sleep tonight  
Too hot, it's too hot

The need in your eyes  
Hits me to the heart  
With a shot of stimulation  
Come on with me  
In a moment I will see such a burnin' fascination

No stopping it now  
We got to stay in motion  
We're two-footed fire two-footed emotion

It's gonna be a hot night  
We're gonna have a hot night tonight  
It's gonna be a hot night  
We won't get no sleep tonight  
Too hot, it's too hot [repeat]

No stopping it now  
We got to stay in motion  
We're two-footed fire two-footed emotion

It's gonna be a hot night  
We're gonna have a hot night tonight  
It's gonna be a hot night  
We won't get no sleep tonight  
Too hot, it's too hot...
