

Satisfaction

Laura Branigan

Don't know what you're doin'
But you're doin' somethin' I think I like
Not sure what I'm feelin'
But it feels like somethin' so right
The sound of your sigh
The touch of your skin
Is takin' me places I've never been
I wanna go there again and again

'Cause you give me
Satisfaction
When you're touchin' me
You start a chain reaction deep inside of me
Satisfaction
I just never knew that I could feel this way
Oh babe, I love you

Holdin' you close now
I keep thinkin' of times before
When nothin' was good enough
I was always left wantin' more
You took my world, turned it around
I know you won't be lettin' me down
'Cause baby, you showed me that love could be found
When you gave me

Satisfaction
When you're touchin' me
You start a chain reaction deep inside of me
Satisfaction
I just never knew that I could feel this way
Oh babe, I love you
