## Unison

## Laura Branigan

Some where tonight We come alive Two hearts ignite We're one of a kind

Here we are undivided by Anything just you and I We've come so far no one else could ever Steal away what we confide

Who wants to know?

We stick together we're never apart Everybody knows who we are Because we are one We do it in unison

The look in your eye
The flash of your smile
Never too shy
Playin' ever so wild

Baby, here we are, I'm relying on No one else but you and I
We've come so far, no one else could ever
Steal away what we confide

Who wants to know?

We stick together, we're never apart Everybody knows who we are Because we are one We do it in unison, in unison

We come together and stronger we are Just when the world can tear us apart We go on as one We do it in unison, unison

You and me as one Stay together, unison Stay together Unison

Baby, here we are undivided by Anything just you and I We've come so far, no one else could ever Steal away what we confide

Who wants to know?

We stick together, we stick together We stick together, we're never apart We stick together because we are one We do it in unison

We stick together we're never apart

Everybody knows who we are Because we are one We do it in unison, in unison

We come together and stronger we are Just when the world can tear us apart We go on as one
We do it in unison, unison

We stick together we're never apart Everybody knows who we are Because we are one We do it in unison, in unison
