

# Carousel

Laura Izibor

Cause she was his lover  
She was his friend  
He was her everything  
Someone to depend

When she wakes up  
In the mornin'  
And all his things are gone  
Sshe looks into the mirror  
Thinkin' what did i do wrong

There he goes  
But i gotta keep movin'  
There ain't nothing  
To lose for?

Everyday  
Has it's ups and downs  
You think you're lost  
You will be found  
Most of us  
Want the same old things  
Someone to love  
What it brings  
I know it's hard  
It gets tough sometimes  
You gotta hold on  
Like a carousel  
Going around  
And around  
And around  
And around

She was so young  
But she was in love  
He promised her everything  
That she could dream of

When she wakes up  
In the mornin'  
Finds that he ain't there  
She looks into the mirror  
Thinking how did i get here

There he goes  
But i gotta keep movin'  
There aint nothin'  
To lose for?

Everyday has  
It's ups and downs  
You think you're lost  
You will be found  
Most of us  
Want the same old things  
Someone to love  
What it brings

I know it's hard  
It gets tough sometimes  
You gotta hold on  
Like a carousel  
Ggoing around  
And around  
And around  
And around

Yeahhhh

Everyday has  
It's ups and downs  
You think you're lost  
You will be found  
Most of us  
Want the same old things  
Someone to love  
What it brings  
I know it's hard  
It gets tough sometimes  
You gotta hold on  
Like a carousel  
Going around  
And around (3x)
