

# Perfect

Laura Jansen

When all the lights go down around you  
and the truth is coming up hard  
Feel the way you do, now, with no excuses  
Cause you're perfect just the way you are

Get the feeling that something surrounds you  
Give it all up and watch it fly  
Speak soft, dear and let it wash over you

Cause when you give an inch you walk that mile  
and you walk that mile so well

You're everything you were ever supposed to be  
Don't you see?

Those dark dreams of yours  
Your drowning eyes  
And that sad mouth of yours, filling up with lies  
Don't believe them, love  
When they're telling you, that you're not enough

You're everything you were ever supposed to be  
Don't you see?

Demons, bells and acrobats  
Welcome to the circus inside, your mind  
Oh the world is heavy, I know  
A minor catastrophe with every shrug of your shoulder  
But you don't have to carry it no more  
It's time you let it go

Let it go, love  
Let it go now  
You're perfect just the way you are

Cause you and I know  
You're everything you were ever supposed to be  
Don't you see?  
It's supposed to be easy
