

Queen Of Elba

Laura Jansen

I cast out all of the blame
Keep your scarred heart
Keep your pain
I am an island of stone
I go it better alone
I know where I begin, begin, begin...

So crown me the Queen of Elba
(I'm never coming home)
Hand me my sword and armor
(I'm never coming home)
You can crown me the Queen of Elba
(I'm never coming home)
Forever dance alone
I'm never coming home...

Burn down the prison within
It's not enough now to keep me in
I'm leaving all of the lies
Giving up on the ties
I begin, begin, begin, begin, begin...

So crown me the Queen of Elba
(I'm never coming home)
Hand me my sword and armor
(I'm never coming home)
You can crown me the Queen of Elba
(I'm never coming home)
Forever dance alone
I'm never coming home...
I'm never coming home...
I'm never coming home...

You can crown me the Queen of Elba
(I'm never coming home)
Forever dance alone
I'm never coming home...
I'm never coming home...
I'm never coming home.
I'm never coming home.
