

Me And You

Laura Marano

Me and you
Never known anyone like you before
Someone who can make me smile when I fall down on the floor
I never laughed so hard, till I met you
Somehow you get me when nobody else has a clue
It's OK to be me, next to you
It feels good to be one of the two
Just like glue
Me and you-ooh
So glad I got a guy like you
Me and you-ooh
always got each others back, we do
Cause everything's a little bit better
When you and I stick together
Stuck on you-ooh
Me and you-ooh
If you need a shoulder, you got mine
If you're ever in a pinch
You'd know I'd give my very last dime
Two peas in a pod, me and you
In perfect harmony, we're bobbing our heads to the groove
It's okay to be me next to you
It feels good to be one of the two
Just like glue
Me and you-ooh
So glad I got a guy like you
Me and you-ooh
Always got each others back, we do
Cause everything's a little bit better
When you and I stick together
Stuck on you-ooh
Me and you-ooh
You always got a friend, always got a friend, always got a friend in me
I always got a friend, always got a friend, always got a friend in you too
Always got a friend, always got a friend, always got a friend in me
I always got a friend, always got a friend, that's the way it's gonna be
Me and you-ooh
So glad I got a guy like you
Me and you-ooh
Always got each others back, we do
Cause everything's a little bit better
When you and I stick together
Stuck on you-ooh
Me and you
Me and you-ooh
Always got a friend, always got a friend, always got a friend in me
Always got a friend, always got a friend, always got a friend in you
Cause everything's a little bit better
When you and I stick together
Stuck on you-ooh
Me and you
You-ooh
