

Ever Since

Laura Marie

Ever since and always waiting
lost the chance to do what we never did
We'll curse ourselves for hesitating
but, nevermore let fear forbid

Because, maybe we were
closer than we think
Still, no one touched
and the suspense was killing me

It was only love, only lust,
only innocence
It was only real, only right,
only wondering if
ever since

Maybe we were hoping things
we couldn't let our mouths admit
Waiting on momentum to get
caught up in the thrill of it

But, funny how that
moment never came
To do what everybody said
would happen anyway

It was only love, only lust,
only innocence
It was only real, only right,
only wondering if
ever since

I heard your back
I'm hoping that we could
go back and take our time
and finally find out why

It was only love, only lust,
only innocence
It was only real, only right,
only wondering if
ever since
