

# Kiss My Feet

Laura Mvula

I feel lost and found  
At the same damn time  
Made my bed, but I can't rest  
I got losing on my mind  
I got losing on my mind

Dreamt I played with fire  
Played with the noose around my neck  
But you flew by to save me  
And I tried to find the reasons why you found me, I found you, yeah

And I've been waiting for you  
And I'd be lost without you  
And I've been praying for someone like you

Tried to build my house  
On a concrete ground  
Stone turned into sand  
And I was drowning deeper under land  
And I was drowning, I was drowning

Drag my trembling hands  
Kiss my busy head  
And I will hold your hand  
And we can paint our story red, we can, we can paint it  
Together

And I've been waiting for you  
And I'd be lost without you  
And I've been praying for someone like you  
Praying for someone like you  
And I've been waiting for you (yeah)  
And I'd be lost without you (I)  
And I've been praying for someone like you  
Someone like you, you, yeah  
And I've been waiting for you  
And I'd be lost without you  
And I've been waiting for someone like you, like you

And I've been waiting for you  
And I'd be lost without you  
And I've been praying for someone like you  
And I've been waiting for you  
And I'd be lost without you  
And I've been waiting for someone like you, like you
