

You Are Love

Laura Story

You are justice for every oppression
You're forgiveness for every confession
You are beauty, goodness, blessing
You are love

You are healing for every sickness
You are power in every weakness
You are mighty, holy, faithful,
You are love

O God of the Heavens
You descended from your throne
Gave Your Son for our ransom
And by this all men will know that You are love.

We were thirsty, you gave us water
We were orphans, now you are our Father
We were desperate, hungry, seeking
You are love

Everlasting, Never ending
All consuming, You are love
