Baby Baby

Baby I'm mad about you baby (bv: mad about youhou)
Oh Baby Baby baby I'm mad about you

Baby I'm mad about you baby (bv: mad about youhou)
Oh Baby Baby baby I'm mad about you

When I saw you in the park
Say that we would never never never never part
Now you got somebody new
Please don't break my heart in two now

When I saw you in the park
Say that we would never never never never part
Now you got somebody new
Please don't break my heart in two now
