

# Next Boyfriend

Lauren Alaina

I thought I knew you from somewhere  
Right when you walked through the door  
So, please forgive me for staring  
It's driving me crazy where I've seen you before  
Maybe it's the white t-shirt that you're wearing  
The danger in your eyes or your fingers in your hair  
It's a pretty small town, it's coming to me now  
Whoa, I just figured it out

You look a lot like my next boyfriend  
I can't believe how much you act like him  
You and me, we'd be unbelievable  
And I'm available  
No, I don't think it's a coincidence  
I put it all together, it makes sense  
Boy, you ain't no fling or a could've been  
You look a lot like my next boyfriend

You should probably come over  
Tell me your name and I'll tell you mine  
I'll probably give you my number  
And you can call me anytime  
I hope you like red lips, driveway kissing  
'Cause if you want it baby, that's what you'll be getting  
Every night, all of the time  
Whoa, I hope that's alright

You look a lot like my next boyfriend  
I can't believe how much you act like him  
You and me, we'd be unbelievable  
And I'm available  
No, I don't think it's a coincidence  
I put it all together, it makes sense  
Boy, you ain't no fling or a could've been  
You look a lot like my next boyfriend

Next boy, next boyfriend  
You look a lot like my next boyfriend  
Next boy, next boyfriend

I thought I knew you from somewhere  
Right when you walked through the door

You look a lot like my next boyfriend  
I can't believe how much you act like him  
You and me, we'd be unbelievable  
And I'm available  
No, I don't think it's a coincidence  
I put it all together, it makes sense  
Boy, you ain't no fling or a could've been  
You look a lot like my next boyfriend

Next boy, next boyfriend  
You look a lot like my next boy, next boy, next boyfriend  
Next boyfriend  
You look a lot like my next boyfriend
