## **Steep**

Lauren Christy

Softly, gently, I will let you down Cause I don't love you in the same way now I can hold you but not with lover's arms Cause you are more of a brother to me now And I can lie next to you, but I can't lie to you

So walk into the sun and watch me Run into the rain, For you the future's easy, so don't weep, for me it's getting Steep

I loved you for exactly who you are, And I'd say you've come the nearest yet by far,

And I can lie next tou you, but I can't lie to you

So walk into the sun and watch me Run into the rain, For you the future's easy, so don't weep, for me it's getting

Steeper and in the dark that's where I want to be Deeper, I'm going somewhere you won't want to see...

So walk into the sun and watch me Run into the rain, For you the future's easy, so don't weep Yes I will watch you, Walk into the sun and watch me Run into the rain drops For you the future's easy, so don't weep For me it's getting Steep.
