

Solipsist

Lauren Hoffman

Here in the dark, dizzy from the stars that light your face?
The winter makes you shake, let me be the warm place?
'Cause I burn with the fire of a lifetime waiting for you.

If nobody sees us, do we exist?
Don't ever fall in love with a solipsist.
If I'm falling to pieces, can he make me whole?
If nobody sees me break will I make it on my own?

You burn through the film in shades of the sunrise,
I am the moon, ablaze in the first light

I've been watching their faces, I've seen through their eyes
Wandered through places where the desperate tell their lies
They pass like an ocean, over my skin
I've been holding my breath for years so they won't get in
