

Bring Me A Song

Lavender Diamond

Bring me a song,
full and bright
Bring me a song,
just for tonight
Bring me a song,
that I can get right
Bring me a song, tonight-

Nowhere to go-
Come with me-
No one to be-
Be with me!
Nothing to say-
Say my name!
Is no one to blame
For the earth in flames?

Bring me a song,
something to feel
Bring me a song,
please make it real
Bring me a song,
I need to heal
Bring me a song,
so real-

Day after day
Love comes and goes!
Why won't it stay-
God only knows!
We can't go on-
Livin' so hard!
Nowhere to rest-
Rest in my arms!

Nowhere to go-
Come with me!
No one to be-
Be with me!
Nothing to say-
Say my name!
There's no one to blame
For the earth in flames!
Nowhere to go-
Come with me!
No one to be-
Be with me!
Nothing to say-
Speak from the heart!
Nowhere to rest?
Rest in my arms!
