

Oh No

Lavender Diamond

Oh no!

It's such a sad and grey day, oh!

When will I love again?

Oh no!

It's such a sad and gray day, oh!

When will I love again?

When will I love again, when will I love again, when will
I love again?

Oh no!

I can feel the world grow cold

When will I love again

Oh no!

I can feel the world grow cold

When will I love again?

When will I love again, when will I love again, when will
I love again?

Oh no!

We are turning as we go

Into a world of stone

Oh no!

We are turning as we go

Into a world of bone

When will I love again?

When will I love again, when will I love again, when will
I love again?
