

Slow Rollin' Mama

LaVern Baker

But don't you let it break
'Cause I need every ounce of it
To bake my cake
'Cause I'm a slow rollin' mama

And I need a big long rollin' pin
To get it ready and just right
For my red hot oven
Honey, let's roll it slow and easy

If it takes all night
'Cause if you try to rush it
It'll never come out right
'Cause I'm a slow rollin' mama

And I need a big long rollin' pin
To get it ready and just right
For my red hot oven
We'll roll it side to side

We'll roll it up and down
And if it still won't be enough
We'll roll it round and round
You know that I'm a slow rollin' mama

And I need a big long rollin' pin
To get it ready and just right
For my red hot oven
Now darlin', we'll roll it on the table

We'll roll it on the floor
And if it still needs pounding
You know we can roll it just a little more
You know that I'm a slow rollin' mama

And I need a big long rollin' pin
To get it ready and just right
For my red hot oven
I wanna get it ready and just right

For my red hot oven
