

# Gone

Lawson

Whoa oh oh oh,  
You say that you wanna live your life,  
That you wanna take some time away from you and me,  
You say that you'll always love me still,  
But you won't ever know until you've waited all your time,  
Whoa oh oh oh

Everything I learned from you is neet gona be true,  
Cos everything we had in life has gone, gone, gone,  
I said I'd give my heart to you,  
But you don't even want me to,  
Everything we used to be is gone, gone, gone,

Babe, now your like the rest of them,  
Never be the same again,  
Not able to return,

Everything I learned from you is neet gona be true,  
Cos everything we had in life has gone, gone, gone,  
I said I'd give my heart to you,  
But you don't even want me to,  
Everything we used to be is gone, gone, gone

Now I'm going back to the start,  
You showed who you really are, that changes everything,  
Oh,  
Now your gone  
Said I'd give my heart to you (said I'd give my heart to you)  
Cos everything we used to be is gone, gone, gone
