

# Hades Resurrected

## Lay Down Rotten

Dominion - evil pure - redefined  
The sulphur throne empowered by the beast  
Armed to the teeth - the troops of gomorrah  
March into the rising storm  
Winds of blackness - beholder of the dead  
Bark the curse into the night

I-i am forever - praised art thou-thy will  
I-i am forever - praised art thou-thy name  
Hades melas-hades pelorios-hades aldelos  
I am the one  
Hades phonios-hades krateros-in all eternity

Disembodied screams predict the arrival  
The black goddess will rise  
Armageddon - ominous are your ways  
Calamity will reign

I-i am forever-praised art thou-thy name  
I-i am forever - praised art thou-thy will  
Hades melas-hades pelorios-hades aidelos  
I am the one  
Hades phonios-hades krateros-in all eternity

Lay siege to the temple  
The cult has to die  
Extinguish the holy flame  
And let ashes rain-let ashes rain

The troops of gomorrah  
March into the rising storm  
The black goddess will rise

I-i am forever-praised art thou-thy name  
I-i am forever-praised art thou-thy will  
Hades melas-hades pelorios-hades aidelos  
I am the one  
Hades phonios-hades krateros-in all eternit
