

Swallow the Bitterness

Lay Down Rotten

Sacrifice-damnation of will-pride over humility
Dismantle the opposition-moral suffering-black out
No savior lost-no compromise-the protest-silenced-
erased

The protest-silenced-erased

Lost control-i will live on my own hate
Lost sanity-i will live on my own hate

Gunshot bluster-the dream is dead
Swallow the bitterness-drink the poison they serve

The silent of fear fills the room-sore are your wishes
now
This fucking horror-this fucking life-get out of me
Freedom chorus in my twist-freedom chorus in my twist

Gunshot bluster-the dream is dead
Swallow the bitterness-drink the poison they serve
Swallow the bitterness

What do you pray for?-who the fuck are you
Your concept of god-crashed by single doubt

Sacrifice- damnation of will-pride over humility
Dismantle the opposition-moral suffering-no compromise
The protest-silenced-erased

The protest-silenced-erased

Gunshot bluster-the dream is dead
Swallow the bitterness-drink the poison they serve
Swallow the bitterness

We've become-so obsolete
Freedom chorus-in my twist
