

# Damnation For The Weak

Lazarus A.D.

Alone and paranoid  
Forever trapped inside this nightmare  
I will find serenity before death  
Takes ahold of me  
A path of shattered hopes and dreams  
Lay before my desolate fate  
Though it seems  
I endlessly wander around to the distant sound  
Of a life that will never be  
I sign my life away to the damned  
The fall of man  
A vile plan  
Will flood the land  
A path of shattered hopes and dreams Lay before my desolate needs  
Consumed... Abused...  
The road to  
Suffering the loss  
Of my inner self  
Nailed to this agonizing cross  
I endlessly wander around to the  
Distant sound of life that will never  
Become... Broken... Godamn... Soulless...  
Fucking... Useless...  
Forever trapped inside  
Lay waste to my pride  
I stand where no man stand  
And I will fight back until I forever  
Become... Broken... Godamn... Soulless...  
And I  
Will not repent on the day of wrath  
And I won't lie down  
Become a broken man  
Or withstand the wretched cycle  
Reckoning on the past  
This memory my last  
Look to the sky  
For the answers man will seek  
Damnation for the weak  
Wasting away until nothing remains  
Edging it's ways until the end of days  
Leaving me useless, soulless, helpless,  
Broken and beaten into submission  
I no longer care  
I endlessly wander to the distant sound  
Of a life that will never  
Become... Broken... Godamn... Soulless...
