And I'm tapped

You're pillaging and I'm tapped

And you're finicky so I'm tapped

It's like a movement from the small place To a bigger city Or it's a bigger bag to strap the ego of a little baby It's like a discipline without the discipline of All of the discipline It's like a culture Without the effort of all the culture Oh but I'm tapped You're pillaging and I'm tapped You're yesterday And I'm tapped Another reason I'm tapped It's like a movement Without the bother of all of the meaning It's like a discipline Without the discipline of all of the discipline It's like a fat guy in a t-shirt Doing all the saying It's like a couple dads and a few friends Trying hard to stay in You're history and I'm tapped You're fast and easy and I'm tapped You're pillaging And I'm tapped For best results well I'm tapped Here comes the report nothing to report see It's all the same It seems the punk rock as an experiment well It pulled up lame You got the fat guy in the t-shirt Doing all the singing Straight to the drunk tank doing the research Doing all the blame You're history and I'm tapped You're fast asleep and I'm tapped You're pillaging and I'm tapped For best results well I'm tapped It's like the culture Without the effort or all of the luggage It's like a discipline Without the discipline of all of the discipline It's like a movement Without the bother of the meaning It's like a culture Without the culture of all of the culture You're history and I'm tapped You're fast and easy
