LCD Soundsystem

Oh oh oh  
Oh I don't know, I don't know, oh, where to begin  
We are north americans  
And for those of you who still think we're from england  
We're not, no.  
We build our planes and our trains till we think we might die,  
Far from North America,  
Where the buildings are old and you might have lots of mimes.  
Aha, oh, oh.  
I hate the feelin' when you're looking at me that way  
Cause we're north americans  
But if we act all shy, it'll make it ok  
Makes it go away.

Oh I don't know, I don't know, oh, where to begin  
When we're north american  
But in the end we make the same mistakes all over again  
Come on north americans

We are north american scum  
We're from north america

And all the kids all the kids that want to make the scene  
Here in north america  
When our young kids get to read it in your magazines  
We don't have those  
So where's the love where's the love where's the love where's the love where  
's the love tonight?  
But there's no love man there's no love and the kids are uptight  
So throw a party till the cops come in and bust it up  
Let's go north americans  
Oh you were planning it I didn't mean to interrupt  
Sorry  
I did it once and my parents got pretty upset  
Freaked out in north america  
But then I said the more I do it the better it gets

Let's rock north america

We are north american scum  
We're from north america  
We are north american scum  
We are north american

New york's the greatest if you get someone to pay the rent  
Wahoo north america  
And it's the furthest you can live from the government un huh huh  
Some proud american christians might disagree  
Here in north america  
But new york's the only place we're keepin them off the street  
Boo boo now we can't have parties like in spain where they go all night  
Shut down in north america  
Or like berlin where they go another night, alright, un huh un huh

You see I love this place that I have grown to know  
Alright, north america.  
And yeah, I know you wouldn't touch us with a ten-foot pole

'cause we're north americans.

We are north american scum  
We are north americans  
We are north american scum  
We love north america
