

# Tornado

Lea Michele

Lifting up, off the ground  
Like a Tornado, spin me 'round  
Shine a light through the storm  
If the rain comes down, let it pour

I know what I'm doing here  
20/20 crystal clear  
Bring it on, bring it on  
I'm ready  
You can steal my every tear  
Keep them as a souvenir  
Bring it on, bring it on  
I'm ready

Don't make no mistake  
Whatever comes my way  
Let 'em know, I live for the Tornado  
Putting up a fight  
I'm tearing up the sky  
Let em' know, I live for the Tornado

Try your best, do your worst  
Throw your sticks and stones  
They don't hurt  
If I fall, drag me through the dirt  
Dust it off, it's a lesson learned

I know what I'm doing here  
20/20 crystal clear  
Bring it on, bring it on  
I'm ready  
You can steal my every tear  
Keep them as a souvenir  
Bring it on, bring it on  
I'm ready

Don't make no mistake  
Whatever comes my way  
Let 'em know, I live for the Tornado  
Putting up a fight  
I'm tearing up the sky  
Let em' know, I live for the Tornado

Oh, I live

In the eye of the storm  
If that's all that you've got  
Give me more, give me more  
Twist and turn, take me high  
If that's all that you've got  
Give me more, give me more

I know what I'm doing here  
20/20 crystal clear  
Bring it on, bring it on  
I'm ready

Don't make no mistake  
Whatever comes my way  
Let 'em know, I live for the Tornado  
Putting up a fight  
I'm tearing up the sky  
Let em' know, I live for the Tornado  
Let em' know, I live for the Tornado
