Is, this love Feeling restless inside Wanting you To always be my side I don't even want you out of my side You are in my thoughts all day and night I can't get you out of my mind I think I'm in love I think I'm in love Think I'm in love with you Every single day Every single night Every single moment of my life I want to spend them all with you I think I'm in love I think I'm in love I think I'm in love with you Tell me that you care Tell me...please Tell me that you also feel The way that I do... Can't describe Words are just not enough Can't explain It all happened so fast What exactly am I feeling right now If this is love I got to know somehow Just how long this madness will last 'Cause I think I'm in love I think I'm in love Think I'm in love with you Every single day Every single night Every single moment of my life I want to spend them all with you I think I'm in love I think I'm in love I think I'm in love with you Tell me that you care Tell me...please Tell me that you also feel The way that I do... I think I'm in love Think I'm in love with you Every single day Every single night Every single moment of my life I want to spend them all with you I think I'm in love I think I'm in love I think I'm in love with you Tell me that you care Tell me...please

Tell me that you also feel The way that I do...
