## It's Just Good-Bye

Lea Salonga

The sweetest songs fade to echoes in the wind The best of times must end, so a new day can begin And the dreams we dream that seem so real at night Must meet the morning light and vanish from our sight

It's just good-bye, remember Time was never our friend We walked the road together and we came to the end It's just good-bye, now I won't tell you not to cry But I swear that what we had won't die Cause it isn't over, it's just good-bye

I close my eyes and I still can see your face I know the truth of us, can't be bound by time or space And the joy we shared, the magic that we've known Is something that we own, though we may be alone

It's just good-bye It doesn't really matter why I know what we had can never die Cause I'll always love you Yes, I'll always love you So, it's just good-bye
